SURE THAT HUGHES WILL BE NAMED BY REPUBLICANS

And Colonel Grunsfeld, former Postmaster, here on visit from New York, says Justice will accept.

Col. Ernest A. Grunsfeld, of New York, formerly postmaster here, is in town on a visit. He is a brother of County Commissioner Alfred Grunsfeld and of former Alderman Jason Grunsfeld.

Colonel Grunsfeld left Albuquerque sixteen years ago. He is prominent now in the field-grade class in the Republicans. He was postmaster during the Cleveland administration, under Postmaster General Wilson, before the Wilson and the columnists administration. From then on he was in the field-grade class in the Republicans.

Colonel Grunsfeld was struck with the changes that have taken place in Albuquerque. Naturally he was most taken up with the new postmaster.

"A fine building," he said enthusiastically this morning. And a fine postmaster. Postmaster should continue the economy through the building economy.

Muniz would naturally have a free place if any town of its size had a good colored clinical.

PETE LEAKOU IS FINED \$5: WILL APPEAL AUTO CASE

Pete Leakou, a restaurant proprietor who was charged withreckless driving as a result of a collision between his car and that of former Major E. W. Bell, soldier, was fined \$5 in the city court this morning. The hearing brought out the fact that there were eight men in Leakou's car. All testified for him.

It was said after the hearing that the case would be appealed. Leakou would like to seize on the similarity in case Colonel Bellers is moved to sue him civilly. Colonel Bellers was represented by Lawrence P. Lee at the hearing and Leakou by former city Judge Craig.

Without the best form of defense in the country.

Bellers is running in New York a wonderful way, Colonel Bellers said. And it is not dependent on the war for confidence. Prosperity will continue eight along after the war, Colonel Bellers said with emphasis. The failure of the big firm of Mills & Gibbs reported yesterday is only an episode in general business and the columnists' gloomy condition has made it hard for the old-fashioned holding house to survive. Colonel Bellers' business is up to the building Mills & Gibbs were in forty-five years before they moved to a new home further up the river.

New York is strong and robust, Bellers said, and columnists' gloomy running to politics. The columnists' gloomy condition that is as pronounced as those of Hughes will be the Democratic nomination. And he is absolutely sure Hughes will accept the nomination.

METHODISTS ARE FAVORABLE TO A CHURCH MERGER

Practically Unanimous Vote Approves Resolution Looking to Union of North and South Faculties.

By Evening Herald Leader Ward, Hutchinson, Kansas, May 15.—A resolution of the Methodist Episcopal church and the Methodist Episcopal church South was unanimous almost unanimously at the Methodist general conference today. The conference adopted the report of the committee on unionization which proposed to merge institutions with the southern church, leaving the way for final action in the general conference of the southern church in 1917 and in the northern church's general conference in 1920.

A tentative plan for the proposed union of American Methodism was presented to the general conference in a report offered by a committee of which Bishop Earl Sheldon of Washington, D. C., was chairman.

The committee endorsed with some modifications a series of proposals agreed upon previously by a joint committee in which the Methodist Episcopal church, North, and Methodist Protestant churches were represented. The plan provided a general conference of the united church and a number of quadrennial or bimonthly conferences of which these four shall be created for negro members only. The committee on unionization to which was recommended yesterday a report recommending the election of seven new bishops reported today that it was unable to comply with the desire of some of its delegates for a reduction in the number.
